

PUBLIC SERVICE BOARD
PUBLIC NOTICE RE:
VERMONT AIR NATIONAL GUARD'S
PROPOSED SOLAR ELECTRIC GENERATION FACILITY
IN SOUTH BURLINGTON, VERMONT

PSB Docket No. 7755

You are hereby notified that the Vermont Air National Guard ("VTANG") has filed a petition with the Vermont Public Service Board ("Board") for a certificate of public good ("CPG"), pursuant to 30 V.S.A. Section 248(j), authorizing the construction and operation of a 2.10 MW solar electric generation facility at the VTANG Base, located at the Burlington International Airport in South Burlington, Vermont.

The proposed project will be approximately 750 feet wide by 750 feet long, and will consist of six post-mounted tilt-axis solar arrays of 20 panels each and three hundred thirty rack-mounted fixed solar arrays of 26 panels each. The project will be located on land owned by the VTANG to the north of the VTANG base and to the east of the main airport runway. More detailed information is available in the petition, copies of which are available for review at the Public Service Board's offices at the above address, and at the City of South Burlington City Clerk's Office, located at 575 Dorset Street in South Burlington, Vermont. Information on this proposed project is also available on the Board's website: www.psb.vermont.gov

Persons wishing to submit comments as to whether the petition raises a significant issue with respect to the substantive criteria of 30 V.S.A. Section 248 **must file their comments with the Board on or before September 16, 2011.** Any comments should be sent via U.S. mail to Vermont Public Service Board, 112 State Street, Montpelier, VT 05620-2701, or via e-mail to psb.clerk@state.vt.us. If no comments raising substantive issues are received, the Board may grant a CPG without a hearing.
